### Grant Funding for the New Village Hall

The summary below shows the grant and personal benefactor funding received for the new Village hall.

Personal benefactors and private trusts have not been directly identified by name.

For clarification, it should be noted that the CSEP Funding of £49,000 was subsequently reduced as the wind turbine was not taken forward. In addition, in the interim period, the cost of Solar PV panels has reduced and whilst this will further reduce our capital cost, the grant will also reduce. This is being finalised in the final design stage of the building but is assumed to be 24000
